Hubert Wilton-Clark Died Suddenly at Lethbridge

Untimely Death While Undergoing Operation Brings Shock to Family and Friends

Death came to a bright and promising young life in the person of Hubert Wilton-Clark at St. Michael's hospital on Friday morning last, his 28th year, while undergoing an operation for an old injury in the leg. The intimation of his sudden passing came in a message from the hospital at Lethbridge, to Rev. Father Dunbar, who was asked to convey the sad news to his parents, Mr. and Mrs. Harry W. Clark, and his brother Harry, mining engineer.

Mr. Clark, senior, was on duty at the mine office of the International at the time, and his brother Harry, was in the Maple Leaf mine just east of Bellevue, so that the news came as a bolt from the blue.

Hubert attended public and high schools here before entering the service of the Canadian Bank of Commerce, first at Coleman, then Hanna and Glenora, and had for the past few years been teler at Taber branch. He was well-known among the younger people here, making frequent visits when on holidays. He was born in Birmingham, Eng., coming to Coleman with his parents when quite young.

The body was brought to Coleman on the 1:10 train Sunday morning. After a brief service at the home, it was followed by many friends to St. Alban's Anglican church, the service being held at 3 p.m. with the Rev. A. S. Partridge, B.A., conducting.

The simple, but impressive burial service of the Church of England, was read, and the hymns "Glorious Christian Soldier," "Lead Kindly Light" and the closing hymn, "Able With Me," were sung. The church was filled long before the funeral cortege arrived, many standing outside during the service.

The graveside service was attended by a large number of friends from the district, together with a number of Hubert's friends from Taber and Lethbridge, and a large bank of beautiful wreaths bore testimony to the many expressions of sympathy received by the family.

The pall-bearers were W. L. Rippon, F. G. Creighton, Mr. Picking (Taber), of the Bank of Commerce; R. Shone, Frank H. Graham and John McDonald, friends of boyhood days.

Friends from Taber who motored to Coleman for the service included Robert Paterson, R. Paterson, Jr., Walter Miller, Nick Karras, Bob Anderson, Jr., Gus Bonette, Len Haworth, Mr. and Mrs. Fred Brown, Mr. and Mrs. Gordon Marshall, Miss L. Harris, Mr. Picking, J. M. Wright, Miss Vaseledergat, Steve Vaselesnik, Miss Florin Lethbridge—Mr. and Mrs. Ted Fendrell, Steve Vaselesnik, Miss Florence Stubbart.

Among the large number of messages of sympathy was one from the superintendent of the Bank of Commerce expressing his regret and sympathy.

According to Dr. Brown, of Taber, a close friend of the deceased, while under the anesthetic, his heart ceased to function, without any warning, and despite all that the surgeons did to revive him, their efforts were unavailing. A small piece of loose bone in the knee joint had caused him some pain of late, and the X-ray examination indicated that it would not be a difficult matter to remove it. He left Taber that morning accompanied by Dr. Brown, and about 11 a.m. was placed on the operating table. It was while the operation was in progress that he passed away. He was enjoying perfect health, and the only explanation that can be arrived at is that a blood clot may have been released in the operation which reacted on the heart.

Card of Thanks

Mr. and Mrs. Harry W. Clark and Mr. Harry Wilton-Clark express their thanks for the many expressions of sympathy received in their bereavement, and for kindnesses shown by their friends.

DO YOU KNOW?

SOMY years before 1860, rolling and shading was very much in vogue in Holland, but it really never became popular in other countries until after 1815.

TODAY'S FACT

It is usually the busy man who makes time to serve his town and community.

NOTES AND COMMENTS

THE TRUSTEESHIP of the Community hall, originally built by the United Mine Workers of America members in Coleman, was taken over by a group of citizens for the use of the community. With it went the responsibility of rehabilitating it, which necessitated the outlay of a considerable sum, to provide an auditorium worthy of the town. This committee guaranteed the expenditure by pledging their personal credit: for the amount needed. An additional expenditure has become necessary to install a new heating plant, bringing the indebtedness up to approximately \$1600.

How is the expenditure to be met? The proposal is that all who can afford it contribute, as it is a good investment, not in direct financial returns, but in possessing a community centre whereby recreation may be provided for young and old. Our gentleman, who was among the original contributors towards the cost of the building, gallantly came forward and planked down \$10 as the first contribution, not for the distinction of being the first, but because, as he stated, he recognized its value to Coleman. Citizens are asked to give heed to the appeal which will be made to wipe out the indebtedness, for here is an opportunity to build up something of real value to all classes of the community.

CHRIS. J. TOMPKINS, widely known throughout the Pass for his well-directed energy in persuading people to provide for rainy days by laying up a saving-vest in life insurance, breezed into town on Saturday afternoon, not to talk soap, but for a friendly visit. He might at first have imagined he was Daniel in the lion's den, for he was bombarded with verbal shot and shell aimed at municipal politics in his home town, and urged to stand for the regeneration of Blairmore by throwing his hat into the ring and boldly declaring himself as a candidate for the mayoralty.

His years of residence in the Pass and his sharing of its vicissitudes, combined with his contribution towards its progress in the past quarter century, may well qualify him for the office. But he is very modest, and does not seek the combat. Even though the suggestion was outcome of a little friendly banter by his friends, his record as an enterprising citizen might well qualify him for the endorsement of his fellow citizens. We risk the wrath of C.J. for thus putting him "on the spot".

SHORT WEIGHTS in goods sold by chain grocery stores have been brought to public attention by the Mass Buying Committee's investigations at Ottawa. Sweatshop conditions in the shoe and clothing trades have also been caused by the ruthless buying policy of big store monopolies, the investigation reveals.

THERE is a commendable work done every winter by the school board in seeing that the sidewalks in the vicinity of Central school are always kept free from snow. Always immediately following a snowfall a man is on the job, and this service is surely appreciated by those who pass that way.

Musical Festival Committees Met on Monday Evening

Oratory and Elocution Contest Proposed in Connection with Annual Festival.

The executive and finance committees of the musical festival met in the Greenhill hotel Monday evening, the following being present: Miss M. Powell, Miss M. Chardon, L. L. Morgan, W. Kerr, J. E. Upton, Mayor Pattinson, W. H. Moser, W. H. Chappell, H. T. Halliwell, president, and Mrs. J. H. Farmer, secretary.

The interim financial report was submitted, indicating a slight increase over the revenue of last year in the admission receipts, and a comprehensive comparative statement for the past six years was submitted by Mr. Chappell, who had supervised the box office sales for many years.

Mrs. Farmer, secretary, reported an increase in entry fees of \$108.50 as against \$84.00 in 1933.

Owing to various economies effected during the past two years, the festival still shows a surplus, and the complete financial statement will be presented to the annual general meeting on Monday, Dec. 3, in the Greenhill hotel at 8 p.m., notice of which has been sent to all members and subscribers.

The president, H. T. Halliwell, thanked the various committees for their faithful attendance to the various details, and stated that though deeded as president a year ago, the time had passed very quickly. Having filled the office for one year in accordance with the plan initiated at the last annual meeting of alternating the presidency between the various Pass towns, he felt from experience it was a good move, as it served to quicken the interest of executive members, and he had enjoyed the work, feeling that the time necessitated in attending to the duties was spent in a very useful way.

Mayor Pattinson proposed that in connection with the festival, an oratory and elocution contest be arranged, to be held the day before the opening of the festival. He suggested this be held in Coleman, and undertook to write to Inspector Williams, of Lethbridge, schools inspector, for information to place before the annual meeting on Monday next.

Various members of the executive expressed opinions on various proposals with a view to increasing the usefulness of the festival, and Mr. Morgan paid a tribute to the music teachers for their good work in promoting musical education among the young people.

BUSINESS CHANGE

Coleman Trading Co., for many years operated by Mr. J. Michalsky, closed on Thursday last, and the store, with a new addition, will be reopened at an early date by The Coleman Co-Operative Association, under the management of Mr. A. Oliva, well known to Coleman people. De Cecco's grocery on Main street will be merged into the new company, and will vacate their premises in the Cameron block.

With the passing of the Coleman Trading Co., it is recalled that at one time it did a very extensive business, with many grocery and hardware departments. Other interests have claimed Mr. Michalsky's attention, he owning a large tract of land east of Coleman. He and his family were always courteous in their business dealings, his daughters Anna and Irene having been in charge of the retail business for some time.

RESERVE SEATS EARLY

All who intend seeing the play "Bonnie Prince Charlie," by the famous Scottish Musical Players, on Tuesday in the Community hall are advised to book seats as early as possible. By telephoning Mr. Allan at 32 this will save time and assure patrons of a seat, a large number having already been sold since the plan opened the first of the week.

It is anticipated there will be a capacity house for their one night's performance. From Fernie on the west to Cowley on the east, enquiries have already been made for reservations, with the possibility of a special Greyhound bus being run to bring people from the western towns, in addition to those who will use their cars.

MERCHANTS!

SHOW your faith in your business and in your home town by demonstrating your enthusiasm in carrying strikingly displayed ads. In The Journal, the paper that goes into Coleman homes and many other homes of Colemanites who look on the weekly visit of the local paper as a letter from home.

South African War Veteran Dies at Bellevue

Arthur Watson, who served in the Cape Mounted Rifles in the Boer War 1899-1902, died at Bellevue on Monday night. He leaves a wife and six of a family, one of whom is married and living in California. He was given the honor of a military funeral by his comrades of the Bellevue branch of the Canadian Legion, the funeral being held this (Thursday) afternoon.

A lady called at The Journal office to see if her young son was here. "If he hangs around here much longer he'll be a perfect devil," she remarked. Evidently the printing office is not regarded as a place with a h-avenly atmosphere.

ANNOUNCEMENT
Mr. Melville Anderson, of Anderson & McLean, sight specialists, Calgary, announces his next visit to G. R. Jewell's, Coleman, on Thursday, November 29, 1934.

20 years' experience and regular visits assure you of satisfaction in all optical work.

Buy a Remington Portable Typewriter through The Journal office.

Schools Given Holiday in Honor of Royal Wedding To-Day

In keeping with all loyal organizations throughout the Empire, Coleman school board declared a holiday in honor of the wedding of Prince George and Princess Marina.

In contrast with Coleman, Blairmore school board decided that as they had already allowed one holiday this month, Nov. 7, to observe the anniversary of the Russian revolution, they would not declare a holiday for the wedding.

Another affront to "loyal" citizens of Blairmore. How pleasant to live under such a form of municipal government.

The right and the wrong way to affix stamps to letters is clearly shown by a layout displayed in the post-office, designed by Postmaster Frank Graham. People should take note of it, and see how they can save the time of the post-office staff, especially during the rush season now approaching. The postmaster gives splendid service, and is deserving of all co-operation it is possible for the public to give.

An enthusiastic Social Credit meeting was held in the I O O F hall on Wednesday night, when Mr. Hoyle, Mr. Sawdon and Rev. Roy Taylor, of Coleman, were speakers, ably handling their subjects as they pointed out the benefits of the Social Credit system under the Douglas plan, now under the leadership of William Aberhart.—Cowley News in Blairmore Enterprise.

"Campus Co-Ed" Community Play to Be Given Dec. 17-18

College Play of 60 People Will Arouse Widespread Local Interest

Under the direction of Miss Jean F. Wallace of Chicago there will be presented in the Community hall on Dec. 17-18 a musical extravaganza. At Cranbrook two weeks ago this play was produced under Miss Wallace's direction, sponsored by the Gryo Club, and was pronounced by the press and the public as a grand success. Miss Wallace is now at Kelowna, B.C., where "Campus Co-Ed" is being sponsored by the Gryo Club, and she will arrive in Coleman on Dec. 7 to commence rehearsing here to stage the play on Monday and Tuesday, Dec. 17-18.

Committees appointed by the vestry and women's guild of St. Alban's church, who are sponsoring the play here, include H. T. Halliwell, chairman; Walter Williams, Mrs. Martland, Mrs. Cornett, advertising committee; F. G. Creighton, Frank H. Graham, J. M. Rushton, Mrs. H. E. Gate, Mrs. W. Borrows, ticket committee; A. E. Graham, chairman of talent, stage and properties, with his assistants.

Further announcements concerning this interesting production will be made following the arrival of Miss Wallace, director. A telegram from Miss Wallace on Wednesday stated her assistant will arrive Monday with equipment.

THE CANADA STARCH CO. LIMITED, MONTREAL.

THE TENDERFOOT

By
GEORGE R. BODNET
Author of "The Coronado Trail,"
"The Canyon Trail," Etc.

SYNOPSIS

"You've fallen over to a half-horse in plenty of trouble," the lawyer told Gerald Keene. "The Broken Spur has been systematically looting the ranch, and old Joe Carr, your partner, is drinking himself into ruin."

But Keene decided to see what was brewing for himself—not as Gerald Keene, half owner of the Hour-Glass Ranch, but as Duro Stone, tenderfoot in a Montgomery Ward outfit.

Dad Kane, desert rat and luckless promoter of the Hour-Glass Ranch, had been told by the Broken Spur, who had grubbed him, of his discovery of a rich gold mine, and shows samples of it. He sees Broken Spur running Houngrain cattle and protests against it.

Stoke Goddard and Sam Dustin, fearing the old promoter might tell others the things he has seen as to the branding of Carr's cattle, plot to get him to show them the location of the mine and then to kill him.

Gerald Keene, dressed in ridiculous cowboy costume, appears at the Hour-Glass ranch and is hired as a cowboy by Joe Carr. The impersonation of a tenderfoot is successful, and he is accepted as such by the other occupants of the bunkhouse.

(Now On With The Story)

CHAPTER V.—Continued

"Dustin! That damned crook? I wouldn't let him take care of a three-legged burro that I liked. He's been at the bottom of all our troubles."

"Yeah. I know that but we can't prove it. And that's what counts. Who's this new hand you took on, Joe?"

His hand swept toward the bunkhouse, where Stone stood talking to Lee and Worth, both of whom were laughing.

"Just a new man I picked up to-day. He came in and asked for a job. We got to have a new man and he's got to be cheap, so I hired him. He can ride fence. He's just a crazy fool who says he wants to learn the cattle business. He told me so when I hired him. He said he wanted to learn it from the ground up. We've got right down to the ground now on the Hour-Glass," he said grimly. "He's starting good. Set him to work in the mornin' ridin' fence on the west line. Did you see his outfit?"

"Did I? I wish I'd looked like that when I was his age. I'd sure have filled the eye of some good-looking girl. Don't borrow troubles, Joe. It'll come fast enough. Give me a share of that drink."

Carr poured him a generous half-portion and shuffled the papers on his desk.

"If I had no more cures than that new hand," he growled, "I'd be drunk for a week. He ain't a bad lookin' kid. Pity he's such a damned fool. Anybody's a damned fool who tries to make money off cattle unless he's crooked at the start. Duro Stone! That's sure one hell of a name."

OLD PEOPLE
FEEL YOUNG

Just because more years than you care to count have lived by on your life's calendar is no reason for feeling old. Age, after all, isn't a matter of years. It is a matter of health. Stay vigorous and you stay young. But how, you ask. Do it the way thousands of people of advancing years do. Take Vincarnis regularly. Vincarnis is a delicious wine, free from drugs, that brings you all the valuable elements of grapes combined with the highest grade beef and guaranteed malt extract. Its invigorating effect is almost magical—yet perfectly natural.

These valuable elements in Vincarnis give your aging system exactly the stimulating treatment it requires. They soothe your nerves, enrich your blood, and flood your whole body with almost youthful buoyancy and vigor.

More than 20,000 medical men have heartily endorsed Vincarnis. It is a great tonic. It will make you feel young again by creating for you new stores of strength and energy. Get Vincarnis from your druggist—Sales Agents: Harold F. Ritchie & Co. Ltd., Toronto.

W. N. U. 2074

a refreshing ingenuousness about this new hand that amused her. But why under Heaven should any man take up such a life? If her father, who had been a cattleman for more than fifty years, could not succeed, how could an amateur like this man Stone look for success? She felt vaguely sorry for him.

"How'd you make out in the bunkhouse last night?" she asked. "Sometimes Baines thinks he's a qualified practical joker."

"He put some sand-spurs inside my shirt," said Stone. "But he was right pleasant about takin' 'em out. . . . after I rubbed his nose in 'em."

She laughed a little and to her own astonishment found herself flushing warmly under his eyes.

"I wouldn't let my horse eat all those fox-tails," she said in desperation. "They'll make his mouth sore."

Look! There's a cow over there. . . . The first I've seen to-day."

A big dun cow thrust through the heavy brush followed closely by a bawling calf that struggled for its natural rights. They watched the cow as she flung into the pool with the calf bawling at her flanks, and Edith's face suddenly hardened.

"Look at that cow," she said quickly. "That's one of our Hour-Glass cows. . . . Now look at the calf."

"Well. . . . Stone looked the calf over leisurely.

"Don't you see it's got the Broken Spur brand? Haven't you ever read any Western fiction while you were tryin' to prepare yourself to be a cow-puncher? Don't you know that a cow will only raise her own calf? Haven't you ever heard that?"

"Come to think of it, I believe I have," he said slowly. "But . . . look. This cow's a Broken Spur cow, too. . . . There on her hind shoulder."

She laughed at the words but was studying the calf. The Broken Spur brand stood out red and angry. "Here's your first lesson," she said. "I can see exactly what has happened. Whoever was doing the stealing, got the calf first. Then when the calf was branded, they had to change the brand on the cow. . . . If they'd vented the calf it would have shown they'd been tampering with brands. Do you know what a running iron is?"

"Kind of a crooked iron poker, isn't it?" he asked innocently.

"Something like one. I hope you never have to use one. It's used to run brands. . . . Or to steal cattle. It just happens that I know that cow. She's one of our blooded stock and was a milk-cow at the ranch. Every man of the Hour-Glass knows her. Why, her flank is hot yet from the iron."

(To Be Continued)

THE RHYMING
OPTIMIST

By Aline Michaelis

NIGHT'S FREEDOM

At night with my windows open
To the wide sky's star-starch arch,
The room behind me silent,
And Earth's footprints a distant march.

I am free with a splendid freedom
Which in day I cannot boast,
With the deepening shadows about me
And above the starry host.

I am free with a soaring freedom
For the quest I most desire
Down ways of hopes and dreaming
To the great secret of the here before.

"You've been with us only a few hours but you must have heard the trouble that we are having."

He nodded. His gaze seemed to center on his horse's ears but he was always conscious of the golden voice. "It's just hard luck," she said. "Hard luck and our own mismanagement. . . ."

"Thank God," he thought. "Here is one person sane enough to realize that Fate doesn't sit up at nights to deal us bad hands. She gives us brains to be used. . . ."

"It's a good land but she sure doesn't show much cow-life."

"Let's eat our sandwiches here," she suggested as their ponies hurried them through the brush toward the water, where the springs of those troublesome Soda Springs caught the sunlight. She slipped the bit from her horse's mouth and watched him thrust his muzzle deep in the pool. Then she smiled at Stone, who had dismounted on the "off" side and stood looking at the watching her.

"You're entirely new to range work, aren't you?" She pointed accurately to his unsaddled pony. "We don't as a rule, unsaddle at work. Might need the pony quickly. It's just a hint. You understand?"

"Oh, yes, and thank you. I'll need a lot of hints. I thought the horse'd like to rest. It seemed tired. . . ."

"For Heaven's sake don't call your horse 'It,' she flared at him. Then she smiled at him again. There was

MATURITY—MATERNITY
MIDDLE AGE

Detroit Ladies Destitute Through No Fault Of Their Own

The financial trails of the world are scattered with the wreckage of investment programmes. In each of them is a poignant personal tragedy.

The other day, four old ladies applied for old age pensions from the State of Michigan. Their ages ranged from 74 to 82. They are the daughters of one of Detroit's early and wealthy citizens—a man who was so well-to-do and so public-spirited that he donated to the city of Detroit the site on which the City Hall now stands. The property this family once owned is to-day valued at \$8,000,000, but the four daughters are practically penniless.

Here is presented the perfect opportunity to draw the moral of the value of thrift and investment. But when one looks into the circumstances one finds that the moral is sheer irony applied to this case. One of the daughters told newspaper reporters the other day:

"I don't believe we are to blame because we are destitute at our ages. Now take my own case, for example. I saved my money against old age. I was advised to buy bonds and so I bought them, real estate bonds through a Detroit bank. They are worth nothing now. I can't collect a penny."

This happened in Detroit, but the same thing has happened all over Canada. What an argument it is for the strengthening of companies legislation, the better regulation of security selling and the promotion of higher standards of competency and ethics in the investment business—Financial Post.

THE GOOSE CAME
HOME TO DIE

(By JACK MINER)

There is a seven foot fence that Mr. Henry Ford built around my 30-acre bird sanctuary, which takes in our home.

As my home is private property the same as yours we have the gate open to the public every day except Sundays when the birds are at their best which is from November 15th to December 15th, and from March 15th to April 15th, and yesterday while I was patrolling the north part of the sanctuary, Mrs. Miner saw a Wild Canada Goose came walking in. It came slowly down the drive and sat or laid down at the grade door of our home.

Three gentlemen were present including Mr. Andrew A. Gawley, the man with the steel hands from Montreal, Ontario, and they saw Mrs. Miner walk out and pick the goose up and try to care for it, but it died in about one half hour.

Now there is never any shooting done within one mile of our home, nor was there any shooting done within this distance yesterday, but this goose was freshly shot because the blood was dripping from its wounded side, and it came home and died at our door. We have no idea how far away this bird received its wound but we have proof that a few years ago we was shot over 7 miles away from our home and died beside our house.

Not European French

French-Canadian Habitant Is More Like The English

Racial background of the French-Canadian is an admixture of Teutonic, Breton and Celtic blood and in this respect he is more like the Englishman than the Old Country Frenchman, Professor W. M. Whitlow, professor of history at McGill University, stated. The vivacity which was usually associated with the French character, was absent from the make-up of the French-Canadian Habitant, the latter being rather a "slow-moving man," Prof. Whitlow declared.

A Strange Custom

One of the oldest races in the world and one of the strangest is the 400-year old Fallo race held annually at Sienna, Tuscany. Before each race the horses entered are led to the church altar complete in silk and velvet trappings and holy water is sprinkled on their heads by the priest.

According to the latest statistics, every Canadian in 1933 used 15 pounds of soap, or 65 pounds for each family. The total production of all kinds of soap in Canada in 1933 was 159,127,624 pounds, valued at \$12,385,376 at factory prices.

Two caps on a milk bottle keep out more contamination than one cap is the report from research workers to the American Journal of Hygiene.

Commemoration Medal

To Issue Medal In Connection With 25th Anniversary Of The King's Accession To The Throne

Arrangements have been made for the issue next year by the royal mint of a medal in commemoration of the 25th anniversary of the King's accession to the throne.

The medal will show on the obverse side special crown of commemorative of their majesties with the inscription in Roman letters MCMXXV (1910-1935). The reverse side will bear a view of Windsor Castle as the principal house of the royal house of Windsor.

The medal will be issued in two sizes. The larger will be 2 1/2 inches in diameter struck in standard silver and available to the public at a cost of a guinea (approximately \$5) apiece. The smaller, struck in fine silver, will be 1 1/4 inches in diameter and will be obtainable for half a crown (approximately 60 cents).

Special arrangements for sale of the medal in the Dominions will be announced later.

Most Modern Equipment

France Had Impressive Exhibit At International Aeronautical Show

Modern equipment for countering aerial attacks was a feature of the French exhibit at the International Aeronautical show, which opened in Paris recently. France showed her preoccupation with the menace of invasion from the air by an impressive governmental exhibit of the latest advances in anti-aircraft war machinery. Prominence was given long range, rapid-firing cannon and extremely sensitive detectors which can "pick up" the approach of an enemy long before the hostile bomber or dirigible has come into view.

At Marylebone Court it was alleged that a tenant kept a gramophone, a sewing machine, a kettle-drum and a baby. Possibly this is an exaggeration. He may merely have been learning to play the bagpipes.

Little Helps For This Week

"The Lord is thy keeper, the Lord is thy shade upon thy right hand," Psalm 121:5.

"Great peace have they that love Thy law, and nothing shall offend them," Psalm 119:165.

I rest beneath the Almighty's shade,
My grief expires, my troubles cease;
Thou, Lord on whom my soul is stayed,
Will keep me still in perfect peace.

One great sign of the practical recognition of the "divine moment" and of our finding God's habitation in it, is constant calmness and peace of mind. Events and things come with the moment; but God comes with them too. So that if He comes in the sunshine we find rest and joy, and if He comes in the storm we know He is King of the storms and our hearts are not troubled. God Himself, though possessing a heart filled with the tenderest feelings is nevertheless an everlasting tranquility, and when we enter into His holy tabernacle our souls necessarily enter into the Tabernacle of rest.—T. C. Upham.

The 1934 wheat crop of Canada is estimated at 277,204,000 bushels, consisting of 270,282,000 bushels of spring wheat and 7,022,000 bushels of fall wheat. The unreviewed estimate for 1933 was 289,728,000 bushels.

CAN'T SLIP OR SLIDE

FALSE TEETH

Don't use any old kind of remedy to keep false teeth in place—use a reliable, recognized one which dentists prescribe such as Dr. Wern's Powder—the largest seller in the world—grips teeth so secure yet comfortable they feel natural. Positively no slipping or clicking—blissful comfort assured all day long. Forms a special comfort cushion to protect and soothe gums. No colored, gummy paste—keeps mouth healthy—tastes pleasant. Inexpensive—all druggists.

NOTES AND COMMENTS

NAPOLEON said in his reminiscences that by all the rules of warfare, Wellington and his commanders should have been hopelessly beaten at the Battle of Waterloo. But Wellington took a hazardous chance and won. Many a man, refusing to accept what might appear to others as inevitable defeat, has triumphed over apparently insurmountable difficulties.

THE Montreal Star in an editorial states:

"The economic Indian doctor finds far more fertile soil than usual among the country people and in their natural product, the market town. This is the danger of the fantastic, free-for-all, rainbow-colored nostrums that are now promising new heavens and a new earth to the voters if they will but put them in control of the money-making and taxing powers of the Government. They might hypnotise the superficial thinkers of the cities—who get their knowledge from the news-stands and their codes of behaviour from the movies—and yet do no harm, if the countryside stood solid. But if the countryside, driven by desperation, is misled, then the nation is lost."

Advertised in this issue is a whist drive for Jack Jenkins, sponsored by the Women's Auxiliary of the Canadian Legion. This is a worthy cause, and tickets are 50c for the whist drive and dance in the Oddfellows hall on Dec. 12.

Scottish Musical Players Dec. 4

The Scottish Musical Players, on their journey across Canada this year, will also include besides the principle cities and towns in the Canadian North West a trip down to Los Angeles and San Francisco. Extended engagements will be played by this now famous company of actor singers in Vancouver, Seattle, Portland, Oregon San Francisco and Los Angeles.

Late in the Spring, they will open a month's engagement at the Studebaker theatre, Chicago, where, within the month, they will present their entire repertoire of six distinctively different plays with music. Strange as it may seem, Quebec city welcomed, with unusual delight and acclaim, quite recently, the Scottish Musical Players. Well might they do so, for the reason, that no cleverer group of vocalists has appeared in any Canadian city. All the favorites of last year will be welcomed again on Tuesday evening, December 4.

Alan Short was host at a party held in the Italian hall on Tuesday evening. Dancing commenced at 8.30. Mary Roughed and Gordon Miller were the winners in the spot dance. Betty Thomas and Foss Boulton won the prizes for musical arms. A lovely supper was served and everyone had a glorious time.

Mr and Mrs C. Nicholas attended the funeral of a cousin, Mrs. P. Michael, killed in Seattle by an auto truck. She was 46 years of age, and had lived there most of her life.

Samuel Insull Is Acquitted By Jury At End Of Long Trial

Chicago.—Samuel Insull Sunday enjoyed his happiest hours since the 1929 stock market collapse undermined his \$2,000,000,000 power empire.

A federal court jury believed his assertion: "Gentlemen, the worst that may be said was that I erred in judgment, not in honesty," and Saturday acquitted him, his son and 15 other former lords of La Balle street of a charge of mail fraud, \$100,000,000 in magnitude.

Congratulations by telephone and telegram poured all day into his small hotel apartment where he rested with his wife and Samuel Jr. Visitors by the score trooped to his quarters and the 75-year-old host greeted them all personally, still exultantly happy over his complete victory in the first prosecution of charges growing out of the collapse of his utilities combine. "This is the happiest day of my life," he exclaimed.

The jury's surprisingly short two-hour and two-minute deliberation on a complicated financial case embracing almost 2,000,000 words of testimony had caught court attaches, counsel, and most of the defendants themselves by surprise. But not Insull.

"I'll give them two hours," he had said shortly before the jury left the court room at 2:21 p.m. Saturday. But even in his moment of triumph, Insull could think of the days ahead: "I look upon the verdict as the start of my vindication. There are other cases pending, you know."

And as he took his case the spotlight of prosecution in the Insull debacle veered toward his younger brother, Martin, who was extradited from Ontario to face state charges of embezzlement of \$344,000.

The prosecution was silent, but it previously announced no matter what the outcome of the mail fraud trial might be, the state charges would be pressed. Samuel also has a similar charge before him and is scheduled for arraignment Jan. 7, for the alleged embezzlement of \$66,000 worth of stock in his main holding company, Midwestern Utilities Company, to put up as collateral for Martin's personal loan.

Increase In Imports

Ottawa.—An increase of \$1,136,000, or eight per cent, was shown in imports from British Empire countries in October when they amounted in value to \$13,130,000 as compared with \$13,994,000 in the same month last year, the Dominion bureau of statistics reported. Imports from the United Kingdom amounted to \$10,978,000, against \$10,410,000 in October, 1933.

Measure Of Self-Rule For India Appears To Be Coming Soon

London.—By a vote of 224 to 62 the House of Commons passed Premier Ramsay MacDonald's motion, taking away all private members' time during the new session of parliament for discussion of the report of the select committee on India and the subsequent government bill embodying its recommendations.

Prime Minister MacDonald said the India bill would contain 300 clauses and would undoubtedly take up the bulk of the government time. Debate on the report itself will be held before Christmas and second reading of the India bill, beginning committee stage, between Christmas and Easter. From Easter to the end of July the bulk of the house's time would be occupied with the bill.

An all-India federation comprised of self-governing units was advocated in the long-awaited report of the select parliamentary committee on Indian reform.

The report urges this system be substituted for the present centralized government. Eleven provinces of British India, two of them new, would be linked in the federal system with the native Indian states, which would enter the federation by voluntary act of their rulers.

These recommendations in the main follow the proposals laid down in the governmental white paper of last year for reform of Indian government in the direction of granting

Germany's Planes Swifter

So France Wants Huge Sum To Build Better Machines

Paris.—Minister of Air Victor Denain told France that Germany's planes are "swifter and more modern and asked 3,500,000,000 francs (about \$230,000,000) to make the French air force superior.

"Since Goering (Herman Wilhelm Goering, Adolf Hitler's minister of war) came to power, Germany has a military air fleet available and proclaims it," Denain told the chamber air committee.

"This air force is to be feared because it is composed of modern pursuit and bomber planes," he said. Protesting against "panic fomenters" who pretend Germany has thousands of military planes, the air minister estimated that the Reich will have 1,000 to 1,100 planes at the very end of 1935.

France has more machines, he admitted, but the French models are less swift and less modern.

New Relief Policy

Ontario Minister Of Welfare Would Place Single Men In Private Homes

Toronto.—Hon. David A. Croil, Ontario minister of welfare and municipal affairs, announced a new relief policy affecting single men. Under this plan municipalities will be encouraged to place single unemployed in private homes.

"Homes, not hostels—that is what we are aiming at," said the minister in announcing a plan whereby municipal authorities may pay for lodgings in private homes at a rate not exceeding \$1 per week and supply food by voucher at the prevailing rate. If such a policy is adopted locally the province will pay its share of the cost, the minister said.

"That is our idea of the first step towards re-establishment of the individual. Let him get away from the barracks-like atmosphere of the hostel and return to a normal domestic existence," Mr. Croil stated.

Dutch Aviators Return

Amsterdam.—K. D. Parmentier and J. J. Mol, Dutch aviators who won the recent handicap air race from London to Melbourne, landed their transport plane here recently to the cheers of 50,000 persons.

Wins Feature Event

Toronto.—Giving perfect performance, Lieut. de Castries of the French army team, riding Henry VI, won the feature event of the Royal Winter Fair horse show, the McColl-Frontenac military jumping steeple, valued at \$500.

Ally Of France

Rumor Of Franco-Russian Understanding For Military Purposes

Paris.—The French parliament was informed that Russia has offered her army to France in case of conflict with Germany. Shortly after the statement of Archimbaud, government officials cast doubt on the supposed Franco-Russian understanding for military operations in the event of war with Germany.

Relations with Russia steadily have grown closer, it was said, but it was added that "there are no military agreements."

Government officials termed Archimbaud's description of Soviet Russia's "offer" of its army as "exaggerated." It was said that "it would take 10 years before the pre-war Franco-Russian relations" could be re-established.

Col. Jean Fabry, former minister of war, asserted that France's knowledge of German re-armament, the details of German troops, and information regarding the secret manufacture of arms and aeroplanes in Germany came from Russia.

He said the one-year service period must be increased unless re-enlistment brought enough trained men to form the framework of a wartime army.

"War material," declared Colonel Fabry, "can be had with money, but there must be men. France must love its army and it wants a strong army. The army must be the beloved child of the nation."

Self Rule For India

Federal System Is Advocated By Select Committee

London.—An all-India federation comprised of self-governing units was advocated in the long-awaited report of the select joint parliamentary committee on Indian reform.

The report urges this system be substituted for the present centralized government. Eleven provinces of British India, two of them new, would be linked in the federal system with the native Indian states, which would enter the federation by voluntary act of their rulers.

These recommendations in the main follow the proposals laid down in the governmental white paper of last year for reform of Indian government in the direction of granting self-rule "with safeguards." In other words still reserving control over vital questions of defence, external relations, and the like, to the viceroy and through him the British government, while extending internal self-government to the new legislatures.

Want Lower Interest Rates

Alberta Association Of Municipal Districts Pass Resolution

Calgary.—Paul L. Farnalis, of Fal Kirk, was re-elected president of the Alberta Association of Municipal Districts in convention here. Harry W. Bright, of MacLeod, was elected vice-president.

Resolutions were adopted urging the Alberta government to aid in securing lower rates of interest on loans to be used for refunding purposes; that the entire responsibility for indigent relief be assumed by the Dominion government, and that direct relief become solely a function of government.

LOS ANGELES MUSIC TEACHER HELD BY NAZIS

Above is a picture of Miss Isobel Steele, pretty young music teacher of Los Angeles, whose long imprisonment in Germany on charges of alleged espionage is the subject of a diplomatic protest by the United States Government.

FARM CLUBS SECRETARY

Here is a photograph of A. E. McLaurin, who, as General Secretary of the Canadian Boys' and Girls' Farm Clubs, is largely responsible for the successful results obtained in this Junior club work throughout the Dominion. Thirty-two club teams, representing all of the provinces of the Dominion, competed in several livestock and field crop judging contests at the Royal Winter Fair in Toronto.

Urges Building Program

Could Be Handled As Government Policy Says Stevens

Ottawa.—With the declaration that during the next few years Canada "could wisely and economically spend over a billion dollars in housing and commercial construction works," Hon. H. H. Stevens, former minister of trade and commerce, went on record as favoring a great building program for the Dominion.

Characterizing the government's \$40,000,000 building program as "a mere drop in the bucket," Mr. Stevens advocated calling a conference of bankers, loan and mortgage companies and insurance companies, with a view to evolving a plan for financing his huge construction proposal.

"If they fail to act promptly," he added, "then in my opinion the government of Canada ought to take the matter in hand as a government policy."

The former minister and chairman of the mass buying committee was guest speaker at a banquet of the Ottawa junior board of trade.

Labor Man Elected

John Queen, M.L.A., Is New Mayor Of Winnipeg

Winnipeg.—John Queen, M.L.A., Labor, was elected mayor of Winnipeg last night.

The veteran Labor leader, who gained wide prominence in the 1919 general strike here, nosed out Alderman J. A. McKeen, 72-year-old retired merchant, in one of the closest races for the mayor's chair. Heated by colorful Lieut.-Col. R. H. Webb, mayor of Winnipeg eight times.

The final unrevived vote was: Queen, 26,555; McKeen, 26,313; majority for Queen, 242.

Fewer voters went to the polls than last year's municipal elections. The total vote was approximately 53,000, compared with 56,000 a year ago. The total possible vote was 103,000. Counting of aldermanic and school board ballots is underway.

Western Wheat Growers Gain Millions Through Stabilization Of Market

Increase French Army

Longer Period Of Compulsory Military Service Is Suggested

Paris.—A longer period of compulsory military service for French citizens to increase the size of the French army as an answer to the new German "challenge" was believed to be imminent in government circles.

Earlier, the finance committee of the chamber of deputies had given the government virtually free rein for military expenditures by approving "all appropriations judged necessary by the government for defence of the country."

Predictions of an increase in the terms of service of conscripts grew out of Premier Pierre Flaind's plan to assure a chamber of deputies delegation that the service period would remain at 12 months. This was taken by the Radical Socialists as confirmation of reports that the conscript term would be lengthened in accordance with the general staff's wishes.

Dairy Council Backs Plan

Would Have All Butter Holders Declare Their Stocks

Toronto.—The National Dairy Council meeting here endorsed a plan designed to improve the Canadian butter situation by calling on all butter holders to declare their stocks. Approval of 50 per cent of the holders will be necessary to put the scheme in effect.

The plan will be directed by a board of five members to serve without salary until May, 1935. The board will be authorized to grant right of export of butter through the holders' agencies or to collect stock directly. It may make a levy on any excess of imports for distribution among exporters.

Robert Barber, of Yorkton, Sask., told the council the western butter producer saw no reason why he should be "pauperized" to help Ontario and Quebec cheesemakers.

Dairy Surplus

Plan To Be Sent To Dairy Organizations To Reduce Over Supply

Toronto.—A plan to reduce dairy surplus, submitted by the producers' board of the National Dairy Council, will be sent to the provincial dairy organizations. It was decided at the closing meeting of the council's convention here.

The resolution adopted empowered a board of producers to levy against the dairy men with the object of building up a fund to be used for the promotion of the industry in domestic and export markets. T. E. Love of Edmonton, and P. O. Colquhoun of Maple Creek, Sask., vice-president of the council, presented the scheme be forwarded to the provincial bodies.

Negotiate Trade Treaties

Ottawa.—Trade treaty making has figured largely in external affairs in the past few weeks and it is anticipated there will be announced shortly a completed treaty with Poland, a supplementary treaty with France, adding to the mutual concessions negotiated by Premier R. B. Bennett on his recent journey abroad, and possibly a treaty with Italy.

Calgary.—Stabilization efforts in the Winnipeg Grain Exchange through the Central Selling Agency of the wheat pools had brought \$25,000,000 additional wealth to western wheat growers, declared Prime Minister R. B. Bennett here.

The prime minister, coming to Calgary, his home city, for a short visit, disclosed he had conferred with John I. McFarland, manager of the wheat pools' selling agency, while en route west to Brandon, Man., after leaving Winnipeg.

Mr. McFarland travelled with Mr. Bennett in order to give the prime minister a complete, detailed account of the present wheat marketing situation.

"This meeting with Mr. McFarland was arranged in view of the fact that the federal government is vitally interested in the marketing of wheat and he is the manager of the means through which the government's assistance in this regard has been given," said Mr. Bennett. "We are especially interested in the question at the present moment because of the international wheat conference now in session at Budapest."

Utilization of Canada's credit to protect the wheat market against falling prices during the last six months, he said, had brought \$25,000,000 additional wealth to western growers.

The royal commission on mass buying, now in session in Ottawa, will not deal with minimum wages, the prime minister said.

In discussing the commission, Mr. Bennett said it would not deal with minimum wages because the supreme court of Canada had ruled that the enforcement of the minimum wage law was in the control of the provinces.

Grasshopper Problem

North Dakota Conference Says Emergency Still Exists

Fargo, N.D.—The grasshopper problem was characterized as a national rather than a state problem by state entomologists attending the closing session of the second annual hopper conference here.

Experts from several northwest states and Canadian provinces adopted resolutions recommending an annual grasshopper egg survey by the federal government in co-operation with the various states and an adequate appropriation to the bureau of entomology for this purpose.

In other resolutions the group went on record as of the opinion that a grasshopper emergency still exists. Although various speakers said the pest danger had been reduced by poison campaigns and the drought, one resolution said "the grasshopper outlook for 1935 is most serious in North Dakota, Minnesota, Wisconsin, and Michigan."

Refuses Wage Settlement

Montreal.—The Canadian Brotherhood of Railway Employees, an "All-Canadian" union claiming no American Federation of Labor affiliation, and representing an estimated membership of 12,000, has refused the recent wage settlement of Canadian railroads, and is fighting for the complete removal of the existing 15 per cent pay cut, it was learned. "We will sign our own agreements and under our terms," G. McGuire, one of the general chairman of the Canadian body, declared, here.

Great Britain Plans To Set Up Inquiry Into Traffic In Arms

London.—The British government intends to set up an inquiry into the subject of traffic in arms, it was learned authoritatively but unofficially.

The exact form the inquiry will take has not yet been determined, but it is not proposed any ministers shall be members of the tribunal.

Sir John Simon, foreign secretary, indicated to the House of Commons that an inquiry into the subject along certain lines would be regarded favorably. He did not, however, say the investigation had been decided upon.

Sir John told the house the government would oppose any "fishing

inquiry" dealing with rumors concerning conduct of the arms trade but, giving the inquiry which really studied the proposal of a state monopoly from the viewpoint of national security and the like was "a very different thing."

The foreign secretary outlined the points which the hearing should cover, giving the impression he would favor such an investigation.

Sir John insisted Britain still is strongly in favor of arms control, citing her prompt ratification of the arms traffic convention of 1925 which he said, "remains ratified" as far as Britain is concerned.

Basketball Notes

Two Crows Nest Pass Basketball league games were played on Monday evening in the Community hall when the Bellevue Hornets, girls' intermediate team, and the Bellevue Wanderers met the local teams.

The game between the Hornets and Coleman No. 1 team was the closest and most exciting seen here for some time. Led by McInnis, Costick, and Brooks who scored 14, 12, and 11 points respectively, Bellevue soon took a commanding lead and were ahead 21-9 at the half way mark.

The teams battled on even terms during the third quarter Bellevue only adding one point to their lead. The last quarter saw Coleman on a shooting spree and Bell who had been saved for this period by sitting out the two previous quarters led the Coleman attack, ably supported by Halliwell and McDonald. Excitement ran high as Coleman gradually reduced their opponents lead to four points. But time was short and McInnis was rallying her team by sniping an occasional basket to help stem the tide and in this she was successful, the final score being 47-36.

Coleman: Halliwell 11, McLeod 2, McDonald 8, DeCocco 0, Ferguson 4, Milley 0, Bell 8, Atkinson 3, Bellevue: Costick 12, Warn 0, Brooks 11, Padgett 2, McInnis 14, Watson 0, Truitt 1, Jepson 0, Boys' Game

The local intermediate boys' team went to work from the first whistle and led by Kwasney and R. Emmerson quickly ran up an 8-2 lead. Bellevue came right back and scored with regularity so that the score read 11-8 for Bellevue at half time.

Coleman began to score from the start of the second period and took an imposing lead being helped by the erratic shooting of Bellevue. Final score Coleman 25, Bellevue 19. Coleman: R. Emmerson 10, J. Rushton 2, Kwasney 10, L. Emmerson 0, Cousins 0, Atkinson 2, D'Appolonia 1.

Bellevue: McLean 2, Goodwin 0, Jepson 12, Hlasney 2, Brooks 0, Coats 0, McLaugherty 3.

The Scottish Players, who will be in Coleman on December 4th, will again play Spokane this year on their western trip, having closed there for a four nights' engagement.
